November/December 2024

President's Letter

Dear Midwest Woodworkers Association Members,

As we approach this season of thanksgiving, I'm reminded of the abundance in my own life—good health, financial stability, and the ability to provide for my family. These blessings often come into sharper focus during our club's toy car project, a cherished tradition that has brought joy to countless children since the 1980s.

This month, we'll gather at Bob's shop to assemble wooden toy cars for children in need, whether in hospitals or facing other challenges. It's a meaningful way to share the joy of giving, and I encourage each of you to reflect on your own blessings and resources as we work together on this project.

Thank you for your contributions and participation throughout the year. Your dedication makes this club and its mission truly special. Let's make this final meeting of 2024 a memorable one as we continue our legacy of generosity and craftsmanship.

I look forward to seeing you all at Bob's shop!

See you at the meeting!

John Loyd
President, Missouri Woodworkers Association
