March 2026

President's Letter

Hello fellow Woodworkers, and welcome to Spring? With all the weather fluctuations, I'm not sure I really want to call it that just yet. I hope everyone has been able to set some time aside to either work on projects or prepare for your next work. I've been working on a batch project for my wife to give as gifts on her upcoming trip to Japan, while planning a few projects for the summer. My grandniece turned one in February, so I've been tasked with making a kid's table for her, and I have two weddings I plan to give personalized gifts for. Anyone that can point me in the direction of a good hardwood store, I would greatly appreciate your input.

For this month's meeting, Mike Taylor has graciously agreed to do a presentation on mortise and tenon joinery. We will meet this coming Monday March 23, 2026 at Sawdust Studios. Meeting time will be our usual 6:30pm. We'll see you there!

Dave Montecino

The router bit you need right now is the one you broke a month ago and haven't ordered a replacement for yet.

The router bit you can't find and already ordered a replacement for is still in the ¼" collet in the drawer where you put it after you put the ½" collet in the router.

Tips, Tools & Jigs

Please submit your favorite tools & jigs for inclusion in this new section of our club websites: midwestwoodworkers.org and midmissouriwoodturners.org. You can send them to erik@erikbetz.com. This can now be found under the RESOURCES tab on either website.
